Counseling FIGURE OUT A PLAN OF ACTION

Your Zinkerz counselor will advise you on your curriculum, academic interests, extracurriculars, supplementary test preparation and courses, and college visits. Your counselor works with you to develop a college list that balances your applicant profile with your future education goals, and creates a plan of action to ensure you gain admission to schools of your choice.

Step 1

Initial Consultation

DISCUSS GOALS & NEXT STEPS

To start the process, all prospective students will receive a phone consultation with our college counselor. The purpose of this consultation is for our team to learn more about you: your interests, academic record, and admission goals.

Step 2

Essay & Application

COMPLETE APPLICATION PACKAGE

Your counselor will help you create a winning application package. You'll work with your counselor to brainstorm and develop essays that answer the required prompts, and our editors will help you edit your final draft. Your counselor will also help you choose recommendation letters and showcase your extracurricular activities.

Step 3

Submit

SEND YOUR APPLICATIONS

Let us worry about your application deadlines. Your counselor will compile and review your application package, ensure you've completed all the necessary documents, and prepare you for any interviews. Once you hear back from schools, your counselor will help you select a college or university that best fits your interests and potential.
